BLANCA SIBECAS
SOFTWARE DEVELOPER STUDENT

ABOUT ME

I'm a software engineering graduate with a master's degree in programming video games. I will soon begin a new Master's program in Artificial Intelligence. Passionate about exploring new technologies, particularly in Web and Mobile development, Artificial Intelligence, and video games. Proficient in programming, specifically in C, C++, React, and Python. Capable of learning new languages. Seeking to learn from the best and advance in my career.

LANGUAGES

ENGLISH (C1) (TOEIC 805)

FRENCH (C1)

SPANISH (Native)

CATALAN (Native)

KEY SKILLS

- TEAMWORK
- AUTONOMY
- ORGANISATION
- PROBLEM SOLVING
- COMUNICATION
- TIME MANAGMENT
- ADAPTABILITY

EDUCATION

UNIVERSIDAD EUROPEA DE MADRID
MASTER'S IN APPLIED ARTIFICIAL INTELLIGENCE (2024 - 2025)
Advanced Machine Learning techniques, and Computational Optimization.

THE CORE SCHOOL ONLINE
MASTER'S IN VIDEO GAME PROGRAMMING (2023 - 2024)
Programming video games with a focus on real-world business dynamics.

EPITECH SPAIN BARCELONA CAMPUS
DEGREE IN SOFTWARE DEVELOPMENT AND IT EXPERT (2020 - 2023)
A unique and active pedagogy

LYCÉE FRANÇAIS GAVÀ, BARCELONA
BACHIBAC (2005 - 2020)
Diploma Degree in Spanish and French bachelor

TECHNICAL COMPETENCES

GIT (+5 years)	C, C++ (+4 years)	TRELLO
GITHUB, GITLAB (+5 years)	VUE JS (+2 months)	MICROSOFT OFFICE
VISUAL STUDIO (+5 years)	REACT JS/NATIVE (+3 year)	MICROSOFT TEAMS
HTML, CSS (+5 years)	JAVASCRIPT (+6 months)	NOTION
ROBOT FRAMEWORK (+4 months)	PYTHON (+3 years)	FIGMA
HASKELL(+6 months)	DOCKER (+6 months)	SLACK
Unreal, Unity, C# (+1 year)	Next js (+6 months)	
GODOT (+1 year)	NODE JS (+2 months)	
RUBY (+4 months)	FIREBASE (+1 year)	

EXPERIENCE

SEPT 2024 - DEC 2024
FULL STACK DEVELOPER - ESTETICAL
Migrated an internal web application to Vite. Developed and maintained new features using React, TypeScript, and Firebase.

MAY 2023 - JUL 2023
TEST AUTOMATION INTERN - SOPRA STERIA
Assisted the automation initiative by developing robust test automation scripts using industry-standard tools and frameworks.

OCT 2022 - FEB 2023
PROGRAMMING TEACHER - LOGISCOOL
Teaching students from 7 to 12 years old the concepts of programming and algorithms.

SEP 2021 - DEC 2021
FRONT-END INTERN - YEGO URBAN MOBILITY
During the internship I developed an operative tool for the Yego team. I used React js and worked in a little team in order to accomplish our objective.
